Please find two Notification of Regulated Waste Acitivity forms attached for two of our companies, Evergreen Environmental Services (EES), and Evergreen Oil, Inc (EOI). We are submitting a form for the former (EES) in order to change the name and address listed under the current EPA ID # CAD982413262, which is presently registered with the EPA as U.S. Waste Oil. We have purchased this company, but wish to continue to use the same EPA ID #, with 6880-A Smith Ave. as the address.

We have submitted a form for the latter location (EOI - EPA # CAD980887418) only for the purpose of updating our status, currently listed with your agency as a TSD, to include generator status as well, as we do generate hazardous waste from time to time.

If you have any questions, or need further information, please call myself or Beth Dwinell at 510-795-4401. Thank you for your assistance.

Sincerely,

EVERGREEN OIL, INC.

TOXIC CHARACTERISTIC NOTIFIER

The Toxic Characteristic Rule, promulgated on March 29, 1990, redefines the characteristic of toxicity under RCRA. Your notification indicates that you are handling waste with toxic characteristics. In order for EPA to process your notification in a timely manner, we need the following information:						
M	I am a new notifier under the Toxic Characteristic Rule. Please list the specific four-character EPA hazardous waste codes which pertain to you. For guidelines on determining the correct four-character code, see 40 Code of Federal Regulations 261.30-33. Some of the Toxic Characteristic Constituents are printed on the reverse of this form.					
•						
	0018					
[]	I have marked TOXIC by error. I have attached a corrected Notification. I may make comments in the area below.					
[]	I am a subsequent notifier whose activity is changing under the TC Rule. I have enclosed a Notification of Regulated Waste Activity (form 8700-12).					
	You can assist us by specifying what changes are to be made to our records (i.e. adding waste codes, change in waste activity, new contact person, etc.). If there are no changes, you are NOT REQUIRED TO NOTIFY.					
Note:	The deadline for notifying the EPA of your waste activity under TC has already passed. Your prompt attention to this matter is required.					
	COMPLETE IN FULL and submit your Notification along with this letter to:					
	Sincerely,
